New York, New York – December 8, 2020 -- G-III Apparel Group, Ltd. (NasdaqGS: GIII) today announced operating results for the third quarter of fiscal 2021 ended October 31, 2020.

Morris Goldfarb, G-III's Chairman and Chief Executive Officer, said, "Our results reflect a significant sequential improvement in the third quarter as we effectively developed product lines that aligned with the shift in consumer demand towards casual, comfortable and functional clothing. We believe our product assortments for our portfolio of global brands are responsive to today's market trends as we continue to gain market share."

Mr. Goldfarb concluded, "We are very fortunate and appreciative to have an experienced and talented global team at G-III that has proactively met the extraordinary challenges presented by the pandemic. We ended the quarter with a strong financial position, with approximately \$800 million of cash and availability under our revolving credit facility. We are well positioned to complete the year in line with our expectations."

Net sales for the third quarter ended October 31, 2020 decreased 26.7% to \$826.6 million from \$1.13 billion in the same period last year. The Company reported net income for the third quarter of \$63.2 million, or \$1.29 per diluted share, compared to \$95.4 million, or \$1.97 per diluted share, in the prior year's comparable period. Net income per diluted share includes non-cash imputed interest expense related to the note issued to the seller as part of the consideration for the acquisition of Donna Karan International of \$1.4 million in this quarter and in the third quarter last year and a \$6.5 million write-off in this quarter of deferred financing costs primarily related to the Company's prior term loan facility which was refinanced in August 2020. The aggregate effect of these charges was equal to \$0.11 per diluted share in the third quarter of this year and \$0.02 per diluted share in the third quarter of fiscal 2020.

As previously announced, the Company is restructuring its retail operations segment, which includes permanently closing 110 Wilsons Leather and 89 G.H. Bass stores. Net sales for the third quarter ended October 31, 2020 for the Wilsons Leather and G.H. Bass stores' portion of our retail operations segment were \$38.2 million compared to \$59.8 million in the same period last year. The Company remains on track to complete the closing of these stores by the end of fiscal 2021.

Included in the Company's results for the quarter are net losses from the Wilsons Leather and G.H. Bass store operations of \$12.0 million, or \$(0.25) per diluted share, compared to \$4.1 million, or \$(0.08) per diluted share, in the prior year's comparable period. The results for each period reflect direct store operations including impairment charges, but do not include any allocated corporate overhead charges,

shared administrative expenses or shared distribution expenses. The results for the current period also include the impact of the pandemic and the liquidation of the Wilsons Leather and G.H. Bass stores. These operating results for Wilsons Leather and G.H. Bass are presented solely to provide the historical operating results of the portion of the Company's retail operations segment that is being restructured and are not intended to be used to develop expectations for future results of the Company or to indicate any future level of profitability of the Company.

Outlook

The Company expects net sales to decline approximately 30% in the fourth quarter of its fiscal year compared to the same period last year. As the developments associated with the COVID-19 pandemic continue to be fluid and there is significant uncertainty related to its impact, the Company is not currently providing any additional guidance.

The table above reflects the four wall operations of Wilsons Leather and G.H. Bass stores, which are included in the condensed consolidated operating results of the Company. As part of our retail restructuring, we are in the process of closing all of these stores. The operations of these stores currently consist of liquidation sales that we anticipate will be completed by January 31, 2021. The results for this portion of our retail segment include impairment charges, but do not include any allocated corporate overhead charges, shared administrative expenses or shared distribution center expenses. Corporate overhead charges, shared administrative expenses and shared distribution center expenses have been excluded as these expenses will continue to be incurred by the Company notwithstanding the restructuring of its retail operations segment. The Company continues to evaluate to what extent these expenses might be able to be reduced upon the completion of the restructuring. No interest expense has been allocated in calculating these operating results. The tax rate used assumes the same overall effective rate that is reflected in the Company's condensed consolidated financial statements. The table above also reflects the results of operations of the Company's four Calvin Klein Performance stores that are being closed as part of the retail restructuring. The operating results of the four Calvin Klein Performance stores are also included in the condensed consolidated operating results of the Company.

- (1) Includes \$(0.1) million, \$16.9 million, and \$(2.3) million of impairment charges, net of gains on lease modifications, recorded during the quarter ended October 31, 2019, and the nine month periods ended October 31, 2020 and 2019, respectively.
